WASHINGTON, D.C. 20505

National Intelligence Council

NIC# 2911-83
21 April 1983

MEMORANDUM FOR: Stephen Bosworth
Director, Policy Planning Staff
Department of State

FROM : Henry S. Rowen
Chairman, National Intelligence Council

SUBJECT : Estimates Program for April 1983 - March 1984

1. Attached is a copy of our quarterly revision of the interagency estimates production plan for the year ahead. I would appreciate receiving any comments or suggestions on it that you might have. We are also circulating it to each NFIB member and the NSC staff for their review and comment.

2. The draft lists 65 papers, of which 56 are carryovers from the preceding listing put together last winter. Most new items result from either NIC or consumer suggestions; a few are annual updates of cyclical papers.

3. We usually update the plan every quarter, projecting it a year ahead. Of course papers are added, dropped, or modified as necessary along the way. We will be happy to have your reactions at any point in the process.
